THE SOURCE EVALUATIONS IN THIS REPORT ARE DEFINITIVE.  
THE APPRAISAL OF CONTENT IS TENTATIVE.  
(FOR KEY SEE REVERSE)

1. A new decree issued by the Hungarian Ministry of Communications stated that certain buildings which had been erected during the last few years, e.g., the railway telephone exchange at Hatvan, were built without taking into consideration the danger of direct air attacks.
2. These buildings are now to be made splinterproof, with the necessary modifications to be completed by 1955/56. Estimates are to be sent in for the work.
